

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF WEST DAVIESS WATER)	
DISTRICT FOR A CERTIFICATE OF PUBLIC)	CASE NO.
CONVENIENCE AND NECESSITY TO CONSTRUCT)	94-340
WATER LINE EXTENSIONS)	

O R D E R

West Daviess County Water District ("West Daviess") has moved to amend the Commission's Order of December 13, 1994 to include additional projects to its original waterworks improvement project.¹ Finding that the proposed additions are significant in nature and require a separate application, it denies the motion.

On September 9, 1994, West Daviess applied for a Certificate of Public Convenience and Necessity to construct approximately 6.3 miles of 4-inch diameter pipelines and related appurtenance at a total cost of \$107,082. On December 13, 1994, the Commission issued a Certificate of Public Convenience and Necessity for the proposed construction. It further ordered West Daviess not to perform additional construction without prior Commission approval.

West Daviess now requests that the December 13, 1994 Order be amended to include eleven additional projects involving 11.53 miles of pipeline at a total cost of \$317,300. Given their magnitude, the Commission finds that the additional projects are not an appropriate subject for an amending order. It further finds that

¹ By letter dated June 28, 1995, West Daviess requested that the December 13, 1994 Order be amended. The Commission will consider this letter as a motion to amend.

West Daviess should, pursuant to 807 KAR 5:001, Section 9, submit a new application for a Certificate of Public Convenience and Necessity for these additional projects.

IT IS THEREFORE ORDERED that West Daviess' motion to amend the Commission's Order of December 13, 1994 is denied.

Done at Frankfort, Kentucky, this 28th day of September, 1995.
